Handle Via TALENT - KEYHOLE Control Only

WARNING

This document contains classified information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive TALENT-KEYHOLE information. Its security must be maintained in accordance with KEYHOLE and TALENT regulations.

NATIONAL PHOTOGRAPHIC INTERPRETATION CENTER

TOP SECRET

PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1c.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

TOP SECRET RUFF

SUMMARY

This large ammunition depot is located 16 kilometers (km) northwest of the town of Ordzhonikidze and 14 km southeast of the town of Beslan (Figure 1).

The installation covers 771 acres and consists of 2 rail off-loading areas, administrative and troop housing areas, 2 explosives storage areas, 2 equipment storage/maintenance areas, and a driver-training area (Figures

2 and 3).

The revetted buildings with earthen blast walls in front and the earthen blast walls at the transloading points indicate that only conventional explosives are handled.

This installation was covered by KEYHOLE photography on [REDACTED] A comparison of these 2 missions revealed no significant changes.

25X1D

DESCRIPTION OF INSTALLATION

Railroad Service

A single-track rail spur serves the revetted off-loading buildings (A). There are two 400-foot trackside docks.

Road Service

A hard-surface road (B) connects the ammunition depot to the towns of Ordzhonikidze and Beslan.

Administrative and Troop Housing Areas

Area D1 contains 1 U-shaped administration building, 7 multistory barracks, 6 single-story barracks, a mess hall, and 15 support buildings.

Area D2 contains a main gate security building and 14 single-family housing buildings.

Ammunition Storage Areas

Area F1 contains 63 revetted 175- by 70-foot

ammunition storage buildings, 2 support buildings, 1 main security building, 4 internal security buildings, and 4 guard towers.

Area F2 contains 2 revetted 100- by 60-foot ammunition storage buildings.

Equipment Storage/Maintenance Areas

Area J1 contains 2 vehicle maintenance buildings, one 80 by 40 feet and one 100 by 50 feet; 2 equipment storage buildings, one 80 by 40 feet and one 60 by 40 feet; and 7 support buildings.

Area J2 contains 6 support buildings and 1 probable vehicle parking area.

Driver-Training Area

Area M is an oval which is probably used for road-testing installation vehicles.
